VOLUNTEERING IN EMMAÜS IN FRANCE

SUMMER 2010

EMMAÜS FRANCE
volontaires@emmaus-france.org
For 60 years and in 36 countries, the Emmaus Movement has welcomed and supported the poorest and most marginalized members of society.

Discovering Emmaüs
In France, the Emmaüs communities develop themselves thanks to recuperation, valorization and resell of second-hand items (furniture, clothes, household electrical appliances, etc). These activities enable men and women who have been in need to rebuild their lives and regain a place in society.

Working for a more united world
Solidarity is at heart of Emmaüs’values. Our work makes it possible to carry out solidarity actions towards the poorest, in the North as in the South. On our sides, you act for a different world, for an alternative society.

Volunteering
Summer volunteering is a unique experience to open your mind and to share the life of an Emmaüs community, where you will be hosted. By unpaid working with other volunteers from all over the world and with Emmaüs community members, you will take part in up-dating those words from L’Abbé Pierre, Emmaüs’founder:

"We are never so happy as when we give. To give is to receive."

L’abbé Pierre
